

Half Term Curriculum Overview

Year 4 - Summer 1 – 2022

English

One of our focus narrative texts this half term is “Pea Boy”, a collection of tales from Iran. In their story writing, children will focus on developing characters through dialogue, ensuring they apply the rules of inverted commas. Additionally, they will learn about the features of persuasive writing and compose a persuasive speech in the role of a character.

Another narrative text the children will explore this half term is “Demon Dentist” by David Walliams. Children will focus on writing a narrative with a clear structure, setting, characters and plot. They will learn how to plan and write a setting description using different strategies (for example, by imagining how reader’s eyes move from one section of a place to another). They will focus on structuring their writing using paragraphs to organise ideas around a theme. In their sentences, they will focus on the correct use of apostrophes to mark plural possession (e.g. the girls’ names, the boy’s boots).

Computing

- Online Safety – plagiarism.
- As part of their Topic learning, children will carry out research, learning how to use search technologies effectively and be discerning in evaluating digital content.

Spanish

The children will be learning popular Spanish songs as well as translating well known English songs into Spanish.

Music

Year 4 children will be learning to write music in 4/4 time using different notes: minims, crotchets and paired quavers. They will perform a song using 3 to 5 notes on the stave, C to G. They will learn about the musicians David Bowie and Loyle Carner.

Topic – Burps, Bottoms and Bile

Science - Burps, Bottoms and Bile

- Identify the different types of teeth in humans and their simple functions.
- Identify differences, similarities or changes related to simple scientific ideas and processes.
- Describe the simple functions of the basic parts of the digestive system in humans.

- PSHE
- The children will be learning about the influence of the media and advertising. The children will also consider gender stereotypes in the work place.

RE

Sikhism the children will be learning about the religious festival Vaisakhi.

D&T

Prepare and arrange a healthy dish, applying the principles of a healthy and varied diet.

Mathematics

Decimals

Children will extend their understanding of decimals to numbers to 2 decimal places, comparing and ordering these numbers. They will also learn decimal equivalents of key fractions.

Area

This term, children will progress from finding the area of 2-D shapes by counting individual squares to using the properties of squares and rectangles to develop faster methods.

Angles

Children will learn how to identify acute and obtuse angles, and compare and order angles up to two right angles by size.

Shape and symmetry

Children will learn how to identify lines of symmetry in 2-D shapes presented in different orientations.

Position and direction

Children will learn how to describe movements between positions as translations of a given unit to the left/right and up/down.

P.E.

- In PE, the children will be learning to perform a dance sequence based around the theme of the Victorians.
- In Gymnastics, the children will be learning running and sprinting skills.

Homework

- **Topic:** Topic homework due in at the end of term
- **Spellings:** A test each week and new spellings to be learnt, given out on a Friday.
- **Reading:** To be practised regularly. Books are changed when necessary.
- **Mathematics:** Weekly TT Rockstars Homework– To know all times tables up to 12 x 12
