

BRITISH STEAM WEEK 15TH-22ND APRIL 2024

🕒 *MISSION: RESTART TIME* 🕒

ASSEMBLY

LB Class

"Time has stopped working at Osidge"

The clock is gone!
Q: whats the time!
Q: Where is the clocks!

"How will we know when it is lunchtime?"

the clock is gone.
WOT IS THE TIME?
the clock is gone.

"I'm in a muddle. Is it night-time?"

"How will we know how long 30 seconds is to build a tower? Count maybe?"

"This telephone is so big and you can't put it in your pocket!"

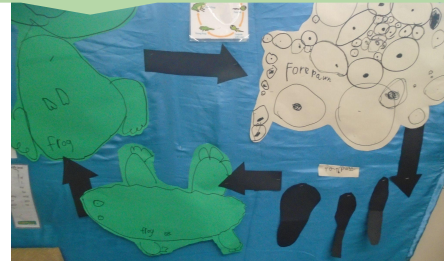

"Why is the logo different on that uniform?"

"I think that is Mrs Brodkin when she was little because it looks like her hair"

"I think it's choosing time because we've been on the carpet so that's next"

"The eggs change from the frogspawn to tadpoles to froglets and frogs. It takes time you know"

"My nanny has these video tapes. Now I just watch Netflix"

"I don't know if I should put my pyjamas on or have my lunch!"

"That's Big Ben! I've seen it on the fireworks when it was night-time"

DF Class

"Time has stopped working"

*"Nothing is working?
We don't have internet"*

"How can we fix this?"

"If you count slowly to 30 is that 30 seconds?"

"So after choosing then it's phonics, it says on the board"

"You will know when it's lunch time because it's after phonics lesson"

"This telephone has a cable you can't take it with you!"

"The photo looks old it doesn't have any colours"

"First it's a baby then a little child then a child then a grown up and at the end a granpa"

"My granma has a television like this but it doesn't work"

"The eggs change from the frogspawn to tadpoles to froglets and frogs. It takes time you know"

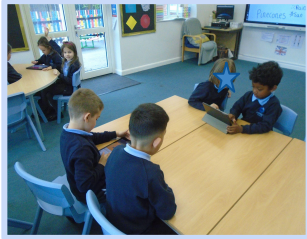

"The egg becomes a caterpillar and then a cocoon and then a butterfly after a long time"

"This old phone looks like a walkie talkie"

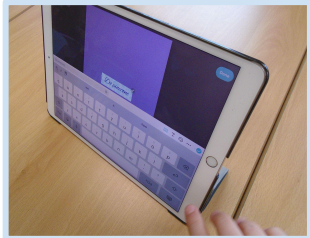

3 STORE

'IF YOU WANT TO MAKE IT STICK, YOU HAVE TO PRESS THE TICK' JOSHUA

'PINECONES KNOW WHEN IT IS RAINING SO THEY CLOSE' ASENSA

'CLICK THE IMAGE AND THEN FIND A PICTURE OF A PINECONE' AMANDA

'WHEN IT IS SUNNY THE PINECONE OPENS' LIDIA

1B

TIME TRAVEL EXPERIENCE

SUNDIALS

'WE NEED TO KNOW WHEN TO HAVE OUR LUNCH!' CHLOE

'SUNDIALS HELP US TELL THE TIME' MICHELLE

'WE USED SHAPES TO PRINT' LEO

'I HAVE TO BE CAREFUL TO PRINT ON MY SUNDIAL' PENELOPE

1J

“We made posters about the pinecones using a tablet. We added pinecone pictures, a title and text to it” Bella

“When it rains, pine cones close and when it’s dry it is open” Lorenzo & Christiana

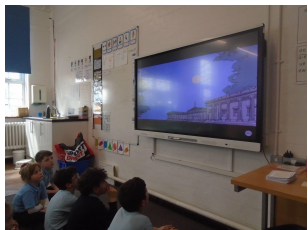

“We made sundials so we could tell time because our clocks were missing. In the olden days, they used the sun and sundials to tell the time.” Caspar

“You can make different shapes when printing - thick ones, thin ones” Aren

“I printed a pattern on my sundial, circle, square, circle, square” Dingani

Lilly - A long time ago they told the time with the stick and the sun and the shadow

2L

Layan - They put a stick somewhere and then they watched the shadow of the stick moving around to tell the time.

Atlas - First we got a big or small cup and got a big cup or a small cup and used that to draw around it and cut it out.

Natasa - After we cut the circles, we used the lego to stamp.

Boris- I travelled back in time!

Terry - We saw pictures of the teachers and we saw phones from the past and old school uniform from the past!

3 STORE

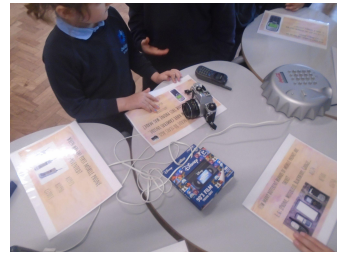

"WE MADE LIFE CYCLES OF BUTTERFLIES ON IPADS AND MADE MOVIES AND WE COULD EDIT IT" *SELENA*

2F

TIME TRAVEL EXPERIENCE

"IN THE HALL WE FOUND SOME CLUES AND WE HAD TO GUESS WHO THE TEACHER WAS!" *LAVIN*

SUNDIALS

"SUNDIALS HELP US TELL TIME IF WE DON'T HAVE CLOCKS" *KAMIL*

"WE TRIED TO USE DIFFERENT THINGS TO MAKE A PATTERN" *LILY*

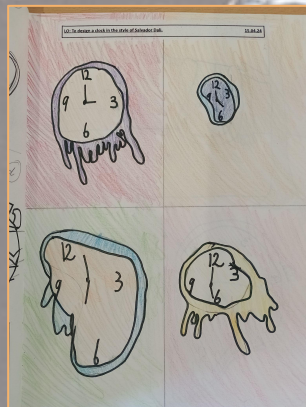

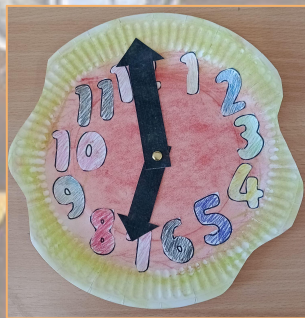

"A SUNDIAL WORKS BY USING A STICK AND THE SHADOW TELLS THE TIME" *HUGO*

Time is the distance between day and night. **Ethan A.**

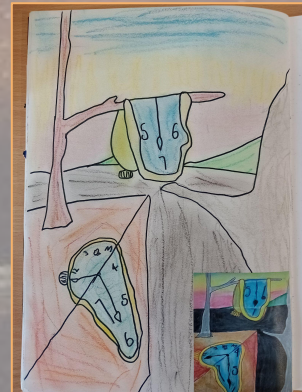

Time never stops working. **Diya**

Time is based on where the sun is. **Sophie**

Without time, we wouldn't know what time to wake up! **Harry**

Time is something that tells you if you're late or early. **Sia-Rae**

Salvador Dali is a
Surrealism artist -
Ali C

Salvador Dali
was born in
Spain - Rosie

3Y

Salvador Dali
was an
eccentric artist -
Ozan O

Salvador Dali
was sent to art
school in 1916 -
Alvin

Salvador Dali was
born in 1904 -
Ozan K

His most famous art
pieces were called 'The
persistence of memory'
(1931) and 'Sleep'
(1937) - Zavi

Salvador Dali's
first exhibition
was in 1919. His
work was all
charcoal - Harry

Art - 4T melting clocks

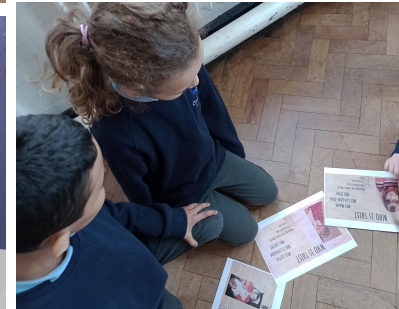

4T

Helen told us all about how VHS tapes work!

The Time Travelling Room experience...

4T - time discussion

I think that time on the clocks and time that passes by are maybe not the same, not connected. **Maks**
Time depends on how Earth moves around the Sun.
Niamh and Daphne

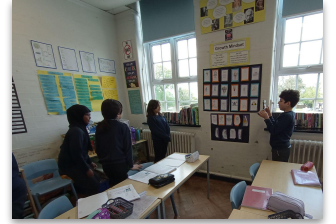

We were able to design our own robots!

5M

We had a workshop with Warren from the 3Store where we learned how to make a movie on an ipad. Muna

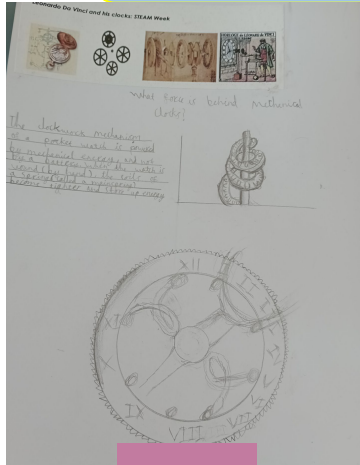

We went to the 'Time travel experience' and we saw how posters were used to promote the school fair and were amazed at the prizes. You could win a car and a holiday. Emauella

We learned through art, about mechanical clocks and worked on sketching by adding shade and tone. Mikayla

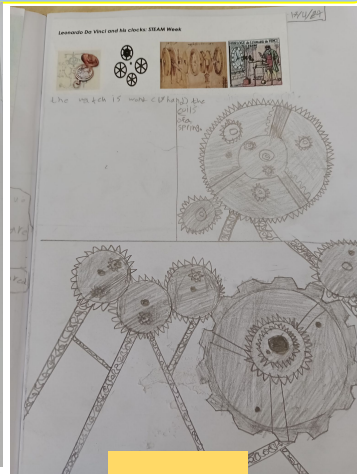

We downloaded images and saved them to use in our movies. Ador

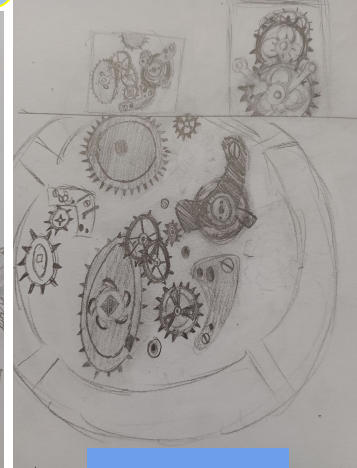

We recorded our voices and we then added these to the movies. Ryan

Hanife

Milan

Amarachi

We created our movies about the importance of on-line safety. We may be able to share them in our websites which we are creating in computing. Ari

5R

We went to the lower hall to visit the time machine. - June

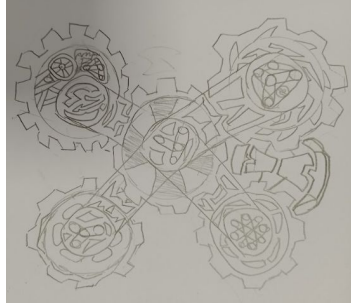

We created a video in an app called iMovie about being safe online. - Pranav

There was a quiz using baby pictures and we had to guess which teacher they were. - Ayan

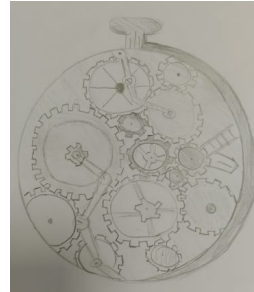

There was old phone from the past and an old TV. - Adem

We learnt about time and how the Osidge school uniform changed. - Mohamed

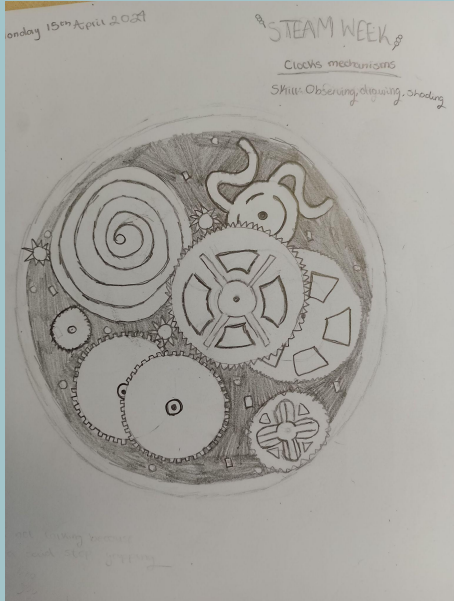

Warren taught us how to make the movies. I was in a group with Noemi and Abdul. - Erika

For STEAM week we learnt how to draw cogs and then made a piece of art using the cogs. - Meryem

We could design our own robots. - Efosa

6B

We looked at clocks mechanisms and observed and drew the components using sketching pencils 6B

We looked black and white photos from the late 1930's the children did not wear school uniform - this was the start of WW2 and things were rationed - 6B

We went through a timeline of stations to reflect about time passing and answered questions about all topics that related to time. 6B

4B

We explored the different stations in the time travelling room!

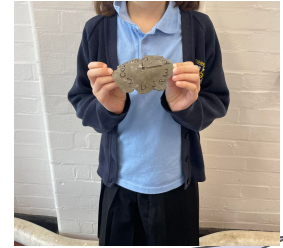

Using clay, we have made a flattened clock. We made it look like it had melted, like this painting here. This was because the clocks have been missing so we need to complete certain missions! (Lauren)

We saw technology from the past such as phones and microphones (Anton) and TVs too (Tiffany)

We went inside a time travelling machine and we thought about whether we'd like to go into the past or future! (Alexandra)

We saw pictures of teachers in the past and had to guess who was who. We also saw a really old Osidge School register (Derin)

We looked at different Osidge uniforms from the past and guessed the year (Mario)

We had to carefully mold the clay, so that there were no cracks. We thought about time melting and what life would be like without time! Everything would stop moving! (Taliyah)

6L

6L looked at and sketched the internal mechanisms of clock.

Looking at the black and white photos from the late 1930's the children did not wear school uniform - this was the start of WW2 and things were rationed -Antonio

In the hall I saw the way the the Osidge logo had changed over time - Haci
