

Year 3 Topic Vocabulary – Spring 2, 2025

Topic - Flow

This term, our focus will be a science-based topic exploring plants and water. Below is a list of key words and phrases related to this theme. We believe it is important for children to have a basic understanding of this vocabulary before starting the topic.

To support your child's learning, we encourage you to discuss the meanings of these words and phrases together. If another language is spoken at home, we recommend using it to help deepen their understanding of the terms.

Pupil Challenge:

Are you a Word Wizard? Can you spot any of these keywords being used in the correct context outside of school (in newspapers, shops, advertisements, etc)? Earn merit points by photographing or bringing in the articles where the words are being used for us to share in class.

flower	seed dispersal
roots	growth
stem	function
trunk	nutrients
water	soil
transportation	air
leaves	light
pollination	temperature

Thank you for your support.
