

Year 6 Topic Vocabulary – Spring 1, 2026

Science - Living Things

Topic - Frozen Kingdom

This term, we will be learning about both Living Things and Frozen Kingdom. Below is a list of key words and phrases that are related to these topics. We feel it is important for the children to have some understanding of the basic vocabulary before they begin these topics. In order to support your child's learning, we would like you to spend some time talking about the meaning and understanding of these words and phrases. We encourage parents to use their home language to talk about these words and phrases to help children understand these words, especially if another language is spoken at home.

Pupil Challenge:

Are you a Word Wizard? Can you spot any of these key words being used in the correct context outside of school (in newspapers, shops, advertisements, etc)? Earn merit points by photographing or bringing in the articles where the words are being used for us to share in class.

Science - Living Things	Topic - Frozen Kingdom	
Classification	Antarctic	settlement
Living things	Arctic	snow climate
